ACKNOWLEDGMENT

The preparation of this document was financed in part through Federal Highway Administration (FHWA) PL 112 Funds and Federal Transit Administration (FTA) Planning Funds made available to the Killeen-Temple Metropolitan Planning Organization (KTMO) as the designated Metropolitan Planning Organization. KTMO prepared this document in cooperation with FHWA, FTA, and the Texas Department of Transportation (TxDOT).

Submitted by

The Killeen – Temple Metropolitan Planning Organization in cooperation with:

Bell County	City of Nolanville
Coryell County	City of Rogers
Lampasas County	Village of Salado
City of Bartlett	City of Temple
City of Belton	City of Troy
City of Copperas Cove	Fort Hood
City of Harker Heights	Hill Country Transit District
City of Holland	TxDOT - Waco District
City of Kempner	TxDOT - Brownwood District
City of Killeen	Federal Highway Administration
City of Little River/Academy	Federal Transit Administration
City of Morgan's Point Resort

INTRODUCTION

The Killeen-Temple Metropolitan Planning Organization (KTMPO) is guided by a Transportation Planning Policy Board (TPPB) whose membership is defined in an officially adopted set of Bylaws. The TPPB provides policy guidance for the organization and is responsible for reviewing and approving the Metropolitan Planning Organization's Metropolitan Transportation Plan (MTP), the Transportation Improvement Program (TIP), and the Unified Planning Work Program (UPWP). A Technical Advisory Committee (TAC) is appointed by the TPPB to review projects from the technical point of view and advise the TPPB on technical issues. MPO staff is comprised of planning and technical professionals responsible for the administration of this organization.

The Central Texas Council of Governments (CTCOG) is under contract to TxDOT to provide professional staff and technical and administrative support for KTMPO according to federal funding agency guidelines. Currently, an Interim Director, two Regional Planners, a GIS Department and Administrative Support staff are available to assist the MPO.

DEFINITION OF AREA

The KTMPO boundary includes the following cities: Bartlett, Belton, Copperas Cove, Harker Heights, Holland, Kempner, Killeen, Little River/Academy, Morgan's Point Resort, Nolanville, Rogers, Salado, Temple, and Troy. The KTMPO region includes all of Bell County and parts of Lampasas and Coryell Counties along with portions of Fort Hood. The planning area includes areas that may be reasonably expected to become urbanized in the next 25 years in between those cities and within the counties of Bell,

Coryell, and Lampasas. The boundary includes portions of the Waco (Bell and Coryell) and Brownwood (Lampasas) Districts of the Texas Department of Transportation.

KTMPO was designated a Transportation Management Area (TMA) in 2012 following the release of 2010 Census data which estimated the population of the Killeen Urbanized Area (UZA) to be 217,630 and the population of the Temple-Belton UZA to be 90,390.

TRANSPORTATION IMPROVEMENT PROGRAM (TIP) STRUCTURE

The TIP is a short-range program which must be developed at both the metropolitan and state levels. The metropolitan planning organization designated for a metropolitan area, in cooperation with the State and affected transit operators, shall develop a transportation improvement program for the area for which such organization is designated. The metropolitan areas will be asked to update the program at least once every four years and it is approved by the MPO and the Governor. The TIP must cover a minimum of four years for a metropolitan area and for the State. Projects listed in the TIP must reflect the factors considered in the long-range planning process.

Citizens must be given the opportunity to comment on any new transportation plans or amendments to existing plans as outlined in KTMPO's Public Participation Plan (PPP). These plans or amendments must also be reviewed and approved by the KTMPO TPPB to ensure all transportation plans and programs are consistent with the goals and objectives for the KTMPO area. When reviewing plans and amendments, the TPPB must take into consideration any public comments that were received during the public comment period.

The TIP contains a project listing that includes those projects funded within the four-year period covered by the TIP. The project listing consists of the following:

- Federally and State Funded Highway Projects
- Grouped Projects
- Federally Funded Transit Projects

The following appendices are contained within the TIP:

- Appendix A: Funding Categories
- Appendix B: Grouped Candidate Project Listing
- Appendix C: MPO Self-Certification
- Appendix D: Extended Project Listing
- Appendix E: Public Involvement Documentation

FEDERAL AND STATE REQUIREMENTS

On December 4, 2015, the Fixing America's Surface Transportation Act, or "FAST Act," was signed into law. The FAST Act continues the Metropolitan Planning Program and continues to require metropolitan transportation plans and transportation improvement programs (TIPs) to provide for facilities that enable an intermodal transportation system, including pedestrian and bicycle facilities. It adds to this list other facilities that support intercity transportation (including intercity buses, intercity bus facilities, and commuter vanpool providers). The FAST Act also requires that the metropolitan long-range plan include identification of public transportation facilities and intercity bus facilities. [23 U.S.C. 134(c)(2) & (i)(2)].

The previous federal legislation, MAP-21 or “Moving Ahead for Progress in the 21st Century Act,” set forth eight planning factors that all transportation projects and programs must address:

- 1) Support the economic vitality of the metropolitan area, especially by enabling global competitiveness, productivity, and efficiency;
- 2) Increase the safety of the transportation system for motorized and non-motorized users;
- 3) Increase the security of the transportation system for motorized and non-motorized users;
- 4) Increase the accessibility and mobility of people and for freight;
- 5) Protect and enhance the environment, promote energy conservation, improve the quality of life, and promote consistency between transportation improvements and state and local planned growth and economic development patterns;
- 6) Enhance the integration and connectivity of the transportation system, across and between modes, for people and freight;
- 7) Promote efficient system management and operation; and
- 8) Emphasize the preservation of the existing transportation system.

The FAST Act maintains those factors but adds the following new factors:

- 1) Improving transportation system resiliency and reliability;
- 2) Reducing (or mitigating) the storm water impacts of surface transportation; and
- 3) Enhancing travel and tourism.

A key feature of MAP-21 was the establishment of performance targets and measures at the national, state, and local level. The FAST Act made no changes to those performance measures. Therefore, all established performance targets and measures should align with the national goals which were outlined in MAP-21, and carried forward in the FAST Act. Those measures are as follows:

- 1) Safety - To achieve a significant reduction in traffic fatalities and serious injuries on all public roads.
- 2) Infrastructure condition - To maintain the highway infrastructure asset system in a state of good repair.
- 3) Congestion reduction - To achieve a significant reduction in congestion on the National Highway System.
- 4) System reliability - To improve the efficiency of the surface transportation system.
- 5) Freight movement and economic vitality - To improve the national freight network, strengthen the ability of rural communities to access national and international trade markets, and support regional economic development.
- 6) Environmental sustainability - To enhance the performance of the transportation system while protecting and enhancing the natural environment.
- 7) Reduced project delivery delays - To reduce project costs, promote jobs and the economy, and expedite the movement of people and goods by accelerating project completion through eliminating delays in the project development and delivery process, including reducing regulatory burdens and improving agencies’ work practices.

Specific quantitative criteria will be published by the Secretary of Transportation in order to measure whether or not these goals have been achieved. When state guidelines are provided, KTMPO’s goals, objectives, and performance measures will be modified to support the state performance targets and the MPO will initiate the public involvement process to solicit input and revise the MTP/TIP accordingly. The KTMPO public involvement process provides citizens, public agencies, transportation agencies, private transportation providers, and other interested parties with a reasonable opportunity to comment in the transportation planning process as required by FAST Act.

TIP FINANCIAL SUMMARY

Transportation legislation mandates fiscal responsibility in the preparation of all transportation plans and programs. In particular, the TIP is required to include a financial summary that outlines the source and amount of expected funds for all submitted projects. Federal Highway Administration (FHWA) and Federal Transit Administration (FTA) funding requirements also mandate that all highway and transit projects receiving federal, state, or locally-significant funding be identified and prioritized in the TIP. A project may not be included in the TIP if full funding cannot be reasonably anticipated before the project is let for construction or implementation.

PUBLIC INVOLVEMENT

Public involvement is an important component in the transportation planning process. KTMPO develops and maintains a Public Participation Plan (PPP). The PPP sets forth the means in which KTMPO provides the public with the opportunity to voice ideas and concerns on the preparation of transportation plans and projects. As part of developing and/or amending the TIP, KTMPO is required by federal law to provide the public with opportunities to be involved in the planning process. The PPP requires the following opportunities for public input:

New TIP Development:

- A thirty (30) day public comment period; and
- A minimum of two (2) public forums, with one hearing serving the East side of the region and a second hearing serving the West side of the region.

TIP Amendments:

- A fifteen (15) day public comment period; and
- A public forum(s) in a location close to the affected area(s).

TITLE VI

KTMPO has a Title VI Plan, and KTMPO's PPP includes Title VI/Environmental Justice (EJ) principles in order to provide opportunities for potentially disadvantaged populations to participate in the planning process. Public forums are encouraged to be held in Environmental Justice Communities of Concern

TIP PROJECT SELECTION PROCESS

KTMPO has developed a four-step project selection process for transportation planning. This is a coordinated effort between regional entities and KTMPO to identify and prioritize projects during each MTP update cycle. The KTMPO MTP project selection process is as follows:

Project Submission

KTMPO, in cooperation with TxDOT, will issue a call for projects to MPO entities. Those entities will then submit projects for consideration in KTMPO's planning process.

Project Review and Evaluation

Once received, KTMPO staff will review and conduct technical and objective scoring of the submitted projects. Projects must meet the following criteria:

- Be consistent with KTMPO long-range goals;
- Have an identified local funding source for match requirements; and
- Have a project readiness and implementation timeline.

KTMPO Technical Advisory Committee Recommendation

After review and evaluation, the KTMPO Technical Advisory Committee (TAC) will score any subjective criteria and prioritize projects. The TAC will then recommend their prioritization to the Transportation Planning Policy Board (TPPB) for review and approval.

KTMPO Transportation Planning Policy Board Review and Approval

The TPPB will then review and adopt or reject candidate projects for inclusion in the KTMPO's MTP. If adopted, then those projects will be included in the MTP. If rejected, the project listing will be sent back to the TAC for further review and evaluation.

The process for selecting projects for the TIP is a subset of the above plan. Projects included in the TIP are selected from the following sources:

- From the last two years' projects of the previous TIP;
- Projects that have not let for construction can also be advanced from earlier fiscal years of the previous TIP;
- Projects from the financially constrained component of the MTP;
- From the Texas Department of Transportation's (TxDOT) ten-year *Unified Transportation Program* (UTP), including environmental and feasibility studies;
- Additional projects from local governments, transit agencies, and other member agencies.

All projects selected for the TIP must be in the funded portion of the MTP project listing and must meet the required criteria outlined above.

FY2019-2022 PROJECT LISTINGS

- Federally and State Funded Highway Projects
- Grouped Projects
- Federally Funded Transit Projects

Amendments

Amendment #1: C30-03b, W40-05, W40-04a(1)

TIP Amendment on October 24, 2018.

Amendment Description: C30-03b

In 2017, the City of Copperas Cove was awarded Category 2 (Metropolitan Corridors) funds for project C30-03b, the Business 190 Phase 1 project. This project consisted of constructing a raised median and conversion of one travel lane in each direction to a sidewalk/bicycle lane. An amendment to the TIP was needed to revise the project description. The new project description is construction of a raised median, bike lane and sidewalk on south side of project, and convert the north outside lane to a shared vehicle and bicycle lane to retain three travel lanes in each direction. The estimated project cost and project limits remained the same.

Amendment Description: W40-05 and W40-04a(1)

An amendment was needed to allocate Category 2 funds for projects W40-05 and W40-04a (1). Project W40-05 is to widen the main lanes of US 190 from 4 to 6 lanes and resurface from FM 2410 in W Belton to IH 35. The total cost for this project is \$35,000,000. Project W40-04a (1) is to widen Loop 121 from two lanes to four lanes with a raised median from Lake Rd (FM 439) to US 190. The total cost for this project is \$28,000,000.

Amendment #2: K40-21b, W35-12, A45-01, B45-03, N40-04, T40-07a, W35-01, W35-07, W45- 01

TIP Amendment on January 16, 2019.

Amendment Description: K40-21b

In 2017, \$1,300,000 in Category 7 funds was allocated to project K40-21b, Heritage Oaks Hike & Bike Trail Segment 5. This project constructed a shared-use path for pedestrians and bicyclists from Chaparral Rd to USACE Property. Due to right-of-way and topographical issues, the cost of the project cost exceeded the \$1,300,000 needed to fund this project. An amendment to the FY19-22 TIP was needed to remove Killeen's project K40-21b from the TIP.

Amendment Description: W35-12

In 2018, TxDOT Waco District allocated \$62,800,000 of Category 4 (Statewide Connectivity) funds to project W35-12, US 190 (Rogers Relief Route). This project widens US190 from 2 lane to 4 lane divided rural highway from 2.0 Mi S of FM 436 in Heidenheimer to the Milam County Line. An amendment to the FY19-22 TIP was also needed to add this project to the TIP.

Amendment Description: A45-01, B45-03, N40-04, T40-07a, W35-01, W35-07, W45-01

KTMPPO anticipates receiving funding through Categories 2 (metropolitan corridors), 7 (metropolitan mobility), and 9 (transportation alternatives) for FY21-22. At the December 12, 2018 TPPB approve TAC selected projects to receive funding for FY21-22 and to initiate the public involvement process for these seven projects. An amendment to the FY19-22 TIP was needed to include the following seven projects that were awarded funds for FY21-22.

Administrative Amendments

Q40-32 and Q40-31: The Hill Country Transit District (HCTD) received Transportation Development Credits (TDCs) from TxDOT to use as non-cash match for part of the Killeen Federal Funds to be used instead of cash match for operating and capital preventative maintenance in FY19.

Administrative Amendment on July 25, 2018

N40-01, H40-02, B40-04, A40-15: KTMPO projects H40-02 (Harker Heights Roundabout), B40-04 (Belton's Chisholm Trail Corridor Hike and Bike Facility Phase II), A40-15 (HCTD Bus Purchase), and N40-01 (Nolanville's FM 439 Sidewalks) were listed in the FY17-20 TIP. KTMPO TPPB approved the FY19-22 TIP on May 9, 2018 with these four projects included since they were not let as of this approval date. These projects were let after the May 9, 2018 approval date and before the start of FY19. Therefore, these projects are to be removed from the FY19-22 TIP.

Administrative Amendment on October 24, 2018

T40-07a: An administrative amendment was also needed for project T40-07a. During the public involvement period, the limits on the proposed TIP amendment were Jupiter Dr to I-35 S. After public involvement ended,

KTMPO received updated limits for this project. The updated project limits were 522 ft South of Jupiter to 454 ft South of Dove Meadow Blvd which were within the project limits that were displayed during the public involvement period.

Administrative Amendment on January 16, 2019.

FY2019-2022 GROUPED PROJECTS STATEWIDE CSJs

See Appendix B for Candidate Project List

Grouped Project CSJ Program

The State of Texas groups several types of projects into general categories that are fiscally constrained on a statewide basis. These categories generally cover preventive maintenance, rehabilitation, bridge replacement, and other miscellaneous projects that do not fit within a specific category. Expenditures within these categories are based upon need, which may arise suddenly due to acts of nature, crash damage, etc. Due to the nature of these types of projects, KTMPO will participate within the grouped CSJ program.

APPENDICES

- APPENDIX A: FUNDING CATEGORIES
- APPENDIX B: GROUPED CANDIDATE PROJECT LISTING
- APPENDIX C: MPO SELF-CERTIFICATION
- APPENDIX D: EXTENDED PROJECT LISTING
- APPENDIX E: PUBLIC INVOLVMENT DOCUMENTATION

APPENDIX A: FUNDING CATEGORIES

This appendix includes a list and brief description of each category for transportation projects and programs used by the Texas Department of Transportation for distributing funds. These categories comply with federal transportation legislation to ensure that federal funds are applied to eligible projects.

FUNDING CATEGORIES

Texas Department of Transportation (TxDOT) Funding Categories:

- 1. Preventive Maintenance and Rehabilitation:** Preventive maintenance and rehabilitation on the existing state highway system, including minor roadway modifications to improve operations and safety; and the installation, rehabilitation, replacement, and maintenance of pavement, bridges, traffic control devices, traffic management systems and ancillary traffic devices.
- 2. Metropolitan and Urban Corridor Projects:** Mobility and added capacity projects along a corridor that improve transportation facilities in order to decrease travel time and the level or duration of traffic congestion, and safety, maintenance, or rehabilitation projects that increase the safe and efficient movement of people and freight in metropolitan and urbanized areas.
- 3. Non-Traditionally Funded Transportation Projects:** Transportation-related projects that qualify for funding from sources not traditionally part of the state highway fund including state bond financing under programs such as Proposition 12 (General Obligation Bonds), Texas Mobility Fund, passthrough toll financing, unique federal funding, regional toll revenue, and local participation funding.
- 4. Statewide Connectivity Corridor Projects:** Mobility and added capacity projects on major state highway system corridors which provide statewide connectivity between urban areas and corridors, to create a highway connectivity network composed of the Texas Highway Trunk System, National Highway System, and connections from those systems to major ports of entry on international borders and Texas water ports.
- 5. Congestion Mitigation and Air Quality Improvement:** Congestion mitigation and air quality improvement area projects to address attainment of a national ambient air quality standard in nonattainment areas of the state.
- 6. Structures Replacement & Rehabilitation:** Replacement and rehabilitation of deficient existing bridges located on public highways, roads, and streets in the state; construction of grade separations at existing highway and railroad grade crossings; and rehabilitation of deficient railroad underpasses on the state highway system.
- 7. Metropolitan Mobility & Rehabilitation:** Transportation needs within the boundaries of designated metropolitan planning areas of metropolitan planning organizations located in a transportation management area.
- 8. Safety:** Safety-related projects both on and off the state highway system including the federal Highway Safety Improvement Program, Railway-Highway Crossing Program, Safety Bond Program, and High Risk Rural Roads Program.

- 9. **Transportation Alternatives Program:** Transportation-related activities as described in the Transportation Alternatives Set-Aside Program, such as on and off-road pedestrian and bicycle facilities, and infrastructure projects for improving access to public transportation.
 - 10. **Supplemental Transportation Projects:** Transportation-related projects that do not qualify for funding in other categories, including landscape and aesthetic improvement, erosion control and environmental mitigation, construction and rehabilitation of roadways within or adjacent to state parks, fish hatcheries, and similar facilities, replacement of railroad crossing surfaces, maintenance of railroad signals, construction or replacement of curb ramps for accessibility to pedestrians with disabilities, and miscellaneous federal programs.
 - 11. **District Discretionary:** Projects eligible for federal or state funding selected at the district engineer's discretion.
 - 12. **Strategic Priority:** Projects with specific importance to the state including those that generally promote economic opportunity, increase efficiency on military deployment routes or retain military assets in response to the federal military base realignment and closure reports, and maintain the ability to respond to both manmade and natural emergencies.
- DA Develop Authority:** Focuses on advanced planning activities. Specific projects selected by the districts in coordination with MPOs to ensure alignment with the MTP.

Federal Transit Administration Funding Categories:

- FTA 5307** Federal grant funds for transit projects in urbanized areas with a population of 50,000 or more persons.
- FTA 5310** Federal grant funds available to regional transit agencies to provide transportation services to the elderly and disabled (paratransit service).
- FTA 5311** State transit funds provided to rural transit providers for the purpose of supporting public transportation in rural areas with population of less than 50,000.

APPENDIX B: GROUPED CANDIDATE PROJECT LISTING

This appendix provides a list of individual projects/programs considered to be of inappropriate scale for individual listing in a given program year and is provided for informational purposes. Additional projects/programs may be identified that are not currently listed. Grouping allows efficient programming and reduces the need for revisions to the TIP. No added capacity type projects or phases of added capacity type projects are included.

APPENDIX C: MPO SELF-CERTIFICATION

In accordance with 23 Code of Federal Regulations (CFR) part 450.334, the Texas Department of Transportation and the Killeen-Temple Metropolitan Planning Organization for the Killeen and Temple urbanized area(s) hereby certify that the metropolitan transportation planning process is being carried out in accordance with all applicable requirements including:

- 1) 23 United States Code (U.S.C) 134, 49 U.S.C 503, and 23 CFR 450 subpart C – Metropolitan Transportation Planning and Programming;
- 2) In nonattainment and maintenance areas, sections 174 and 176 (c) and (d) of the Clean Air Act, as amended (42 U.S.C. 7504, 7506 (c) and (d)) and 40 CFR part 93;
- 3) Title VI of the Civil Rights Act of 1964, as amended (42 U.S.C. 2000d-1) and 49 CFR part 21;
- 4) 49 U.S.C. 5332, prohibiting discrimination on the basis of race, color, creed, national origin, sex, or age in employment or business opportunity;
- 5) Section 1101(b) of the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU (Public Law 109-59)) and 49 CFR part 26 regarding the involvement of disadvantaged business enterprises in USDOT funded projects;
- 6) 23 CFR part 230, regarding the implementation of an equal employment opportunity program on Federal and Federal-aid highway construction contracts;
- 7) The provisions of the Americans with Disabilities Act of 1990 (42 U.S.C. 12101 et seq.) and 49 CFR parts 27, 37, and 38;
- 8) The Older Americans Act, as amended (42 U.S.C. 6101), prohibiting discrimination on the basis of age in programs or activities receiving Federal financial assistance;
- 9) Section 324 of title 23 U.S.C. regarding the prohibition of discrimination based on gender; and
- 10) Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794) and 49 CFR part 27 regarding discrimination against individuals with disabilities.

APPENDIX E: PUBLIC INVOLVEMENT DOCUMENTATION

This appendix provides a synopsis of the public participation process.

Public Involvement Documentation

In accordance with federal legislation and regulations, and as part of the transportation planning process, the public was invited to review and comment on the proposed KTMPO FY 2019-2022 TIP. The KTMPO made this document available for public review on the KTMPO website (www.ktmipo.org) and at the Central Texas Council of Governments building lobby for a 30-day comment period of March 17 through April 15, 2018.

The KTMPO conducted two public forums on April 10, 2018 to allow the public to review and comment on the proposed KTMPO FY 2019-2022 TIP. These hearings were held at the following locations:

Public Forum #1

Copperas Cove Police Station
302 E. Avenue E
Copperas Cove, TX
12:00pm

Public Forum #2

Central Texas Council of
Governments 2180 N. Main Street
Belton, TX 76513
5:00pm

**Killeen-Temple Metropolitan Planning Organization
Public Hearing and Comment Period**

Regarding:

FY19-22 Transportation Improvement Program (TIP)

Tuesday April 10, 2018

**Copperas Cove Police Station
302 E. Ave. E
Copperas Cove, TX 76522
12:00pm**

**Central Texas Council of Governments
2180 N. Main Street
Belton, TX 76513
5:00pm**

30 Day Public Comment Period March 17 – April 15, 2018

For other KTMPO information, visit:

<http://www.ktmpo.org>

***Note of Basic Requirement:**

Please note that public notice of public involvement activities and time established for public review and comment on the Transportation Improvement Program (TIP) and TIP development (and/or other planning documents) will satisfy the Program of Projects requirements of the Urbanized Area Formula Program (FTA Section 5307) operated by Hill Country Transit District.

All KTMPO Public Hearings are held at ADA Accessible locations. If you require any special needs, please contact KTMPO staff at (254) 770-2200.

Comments:
(MORE ROOM ON BACK)

against 190 project
too much traffic - not feasible
too many houses → vehicles that
then have to go through town

What do you want to say?

Comments: (MORE ROOM ON BACK)

In general I'm for the 190 Bus. project.
I ~~do~~ like to see more pedestrian + bicycle ways and my
main concern is safety
