Metal Beam Guard Fence Removal — S Loop 121 — Bell County

Apr. 18, 2021

WACO – TxDOT — Waco District’s contractor will close a southbound SL 121 lane on the BNSF railroad bridge to set low-profile barrier and to remove metal beam guard fence. This will require a flagging operation. Lane closure and work will be performed tomorrow from 9 a.m. to 3:30 p.m.

Motorists should expect delays in the area. This work is part of TxDOT’s ongoing project to widen SL 121 from W Avenue O to Sparta Road to a four-lane divided highway, add shared-use paths and sidewalks, and add a two-way left turn lane from Sparta Road to FM 439.

TxDOT encourages motorists to mind their speed and eliminate distractions when driving in work zones.
