**Performance Measures
Dashboard Presentation**

Kimley Horn Federal Performance Measures Dashboard Tool

In November, KTMPO began working with Kimley Horn to develop an MPO Dashboard. The purpose of this project is to make transportation related planning information available to policy makers, planners, and the public. The dashboard will also house federally required performance measure data and create a better way for the public to engage with MPO planning process.

Kimley Horn has created a plan to develop the various “tools” of the dashboard in phases and will present draft versions of each “tool” over the coming months.

Today, they will give a presentation and introduction to the KTMPO Federal Performance Measures dashboard tool.

TxDOT 2021 AADT Review

TxDOT 2021 AADT Review

The TxDOT Transportation Planning & Programming (TPP) Division collects annual traffic counts at thousands of locations across the state. They submit all traffic data collected during the previous year to the Federal Highways Administration (FHWA) each summer. Prior to submitting this data to FHWA, TPP makes the preliminary counts available to TxDOT Districts and partner MPOs for review.

Last year, the MPO reached out to each entity in the region and conducted one-on-one calls to review the traffic counts. The MPO would like to offer this opportunity again this year to entities that wish to look at and provide comments on traffic counts in their area. The review period for Districts and MPOs is open through Friday, April 15th.

Action Needed: No action needed; for discussion only.

Item 9:

Public Input

Public Input Received

KTMPO has been collecting public comments received online, via emails, public hearings, meetings, social media accounts, web maps and other forms of communication. Staff bring these to the TAC and TPPB on a regular basis to ensure the MPO boards are aware of public concerns and have the opportunity to respond accordingly. Public input received through the previous month is included in meeting packet.

Action Needed: No action needed; for discussion only.

⁹**Funding/Fiscal Constraint Notes (Cat 2, 7, 9, 11):**
Short Range funding amounts (0-10 years) come from the latest TxDOT Unified Transportation Plan (UTP).
Long Range funding amounts (10-15 years) are determined by outputs from the TRENDS model (see note ⁴)

How projects in the list are funded:
White - Projects in the TIP are listed first, their total estimated cost is deducted from the total UTP fiscal constraint.
Green - The remaining UTP funding is then allocated to the next highest ranked projects from both the Roadway and Livability tracks until the funding cap is reached. Green colored projects are projected to receive funding within the first 10 years of the planning period.
Blue - Projects following the Short Range funding section are allocated funds from the estimated Long Range MTP funding from highest ranking on down until the funding cap is reached. Blue projects are projected to receive funding during the last 15 years of the planning period.
Orange - When all estimated funding sources have been exhausteted, any remaining projects are listed from high to low in the Regionally Significant Unfunded list. Orange projects are NOT projected to receive funding during the planning period
Yellow - Projects that are unscored are listed at the bottom of each section and have no estimated timetable for receiving funding.

Note on Roadway vs Livability Tracks:
Projects in the Livability Track are allocated funding from the latest Category 9 funding estimates only.
Porjects in the Roadway Track are allocated funding from the latest Category 2 and Category 7 estimates.

Current UTP Estimates by Category (2021-2030):	Current MTP Estimates by Category (2030-2045):
Category 2 - \$189,232,733	Category 2 - \$115,800,000
Category 7 - \$61,317,869	Category 7 - \$216,900,000
Category 9 - \$3,940,100	Category 9 - \$41,600,000
