c) Administrative Amendment

- The City of Nolanville has requested a let date change from August 2022 to November 2022 for Project N40-03, Old Nolanville Road Bridge.

April 13, 2022

Re: Project N40-03, Old Nolanville Road Bridge

Dear Policy Board,

We are requesting a shift in the contract let date for Project N40-03, Old Nolanville Road Bridge from August 2022 to November 2022.

The City of Nolanville is grateful for the prioritization of the bridge rehabilitation. Emergency repairs to Old Nolanville Road Bridge were completed this year through a separate City contract. The repairs involved covering a pillar that bears the brunt of head waters and adding epoxy/pavement surface treatment for the deck.

This dynamic along with the 2-foot drop in the creek bed has the potential to undermine the bridge. Since the expanded scope of work now requires entering the water of Nolan Creek to rehabilitate the bridge, the scope of the environmental review now has an additional requirement for a TPWD mussel survey.

We appreciate your consideration in extending our timeline for letting by a few months to ensure that we complete required process thoroughly. Questions can be addressed by the City Manager at 254-698-6335 or kescajeda@nolanvilletx.gov

Sincerely,

Kara Escajeda

City Manager

Mr. McGill explained that TxDOT is requiring all MPOs to submit their draft TIPs for review prior to going out for public involvement for fiscal constraint confirmation. Darrell Burtner provided some background on the evaluation process for HCTD assets. Mr. Burtner also explained that the Useful Life Benchmark (ULB) targets were exceeded this year mainly due to supply chain issues.

Judge Roger Miller made a motion to approve Resolution 2022-03 adopting HCTD's State of Good Repair performance targets for the region, seconded by David Williams; the motion passed unanimously.

7. Discussion and Action Item: Regarding Resolution 2022-04 supporting Hill Country Transit District's (HCTD) Public Transportation Agency Safety Plan (PTASP) targets as the MPO performance targets for the region.

Mr. Burtner explained that they will be recertifying the document at the end of March and will likely revise/update it in the fall.

David Williams made a motion to approve Resolution 2022-04 adopting HCTD's transit system safety performance targets for the region, seconded by Councilmember Susan Long; the motion passed unanimously.

**Update on MPO Dashboard
Project**

Update on KTMPO Dashboard Project

In November, KTMPO began working with Kimley Horn to develop an MPO Dashboard. The purpose of this project is to make transportation related planning information available to policy makers, planners, and the public. The dashboard will also house federally required performance measure data and create a better way for the public to engage with MPO planning process.

For the last several months Kimley Horn has been presenting these tools one at a time to the TAC for their review and feedback. These tools include:

- KTMPO Safety Dashboard Tool ([Link](#))
- KTMPO ACS Census Data Tool ([Link](#))
- KTMPO Federal Performance Measures Tool ([Link](#))

Staff will provide an update on progress made on the project so far and a brief overview/demonstration of the live dashboard tools.

Action Needed: No action needed; for discussion only.

Notes:

¹Project score, project ranking and prioritized list is based on the scoring criteria at the time those projects were selected for funding.

²Note: Estimated Cost shows the **approved construction amount** for each project covered by federal and state sources. Categories 2 & 9SRTS are 100% covered by these sources, Categories 7 & 9TAP are 80% covered by these sources. See latest KTMPO TIP for full project financial information.

³Estimated Let Date for TIP projects based on latest information provided by TxDOT and the project sponsor. For Long Range projects, the date listed was provided by the sponsor when they submitted the project.

⁴Environmental considerations is based on the environmental conditions when that project was selected for funding and/or when project was submitted to KTMPO. Use key below for identification purposes.

⁵Fiscal Constraints are determined by inputs into the TRENDS model as approved on March . Short range funding is estimated funding for FY2019-2028 and Long Range Funding is estimated funding for FY2029-2045

⁶**Funding/Fiscal Constraint Notes (Cat 2, 7, 9):**

Short Range funding amounts (0-10 years) come from the latest TxDOT Unified Transportation Plan (UTP).

Long Range funding amounts (10-15 years) are determined by outputs from the TRENDS model (see note ⁵)

How projects in the list are funded:

White - Projects in the TIP are listed first, their total estimated cost is deducted from the total UTP fiscal constraint.

Green - The remaining UTP funding is then allocated to the next highest ranked projects from both the Roadway and Livability tracks until the funding cap is reached. Green colored projects are projected to receive funding within the first 10 years of the planning period.

Blue - Projects following the Short Range funding section are allocated funds from the estimated Long Range MTP funding from highest ranking on down until the funding cap is reached. Blue projects are projected to receive funding during the last 15 years of the planning period.

Orange - When all estimated funding sources have been exhauseted, any remaining projects are listed from high to low in the Regionally Significant Unfunded list. Orange projects are NOT projected to receive funding during the planning period

Yellow - Projects that are unscored are listed at the bottom of each section and have no estimated timetable for receiving funding.

Note on Roadway vs Livability Tracks:

Projects in the Livability Track are allocated funding from the latest Category 7 and Category 9 funding estimates.

Porjects in the Roadway Track are allocated funding from the latest Category 2 and Category 7 funding estimates.

Current UTP Estimates by Category (2021-2030):

Category 2 - \$189,232,733

Category 7 - \$61,317,869

Category 9 - \$3,940,100

Current MTP Estimates by Category (2030-2045):

Category 2 - \$115,800,000

Category 7 - \$216,900,000

Category 9 - \$41,600,000

*Note - funding for projects in this list is not guranteed unless the project is listed in the TIP, all other project funding is subject to change.
