# Agenda

**Killeen-Temple Metropolitan Planning Organization  
Technical Advisory Committee (TAC)  
Wednesday, May 11, 2022**

Central Texas Council of Governments Building  
2180 North Main Street, Belton, Texas 76513

**Regular Meeting: 9:30 A.M.**

Virtual Link: [KTMPPO TAC Meeting](#)

Call in Number: [+1 \(872\) 240-3212](#)

Access Code: 756-809-085

**AGENDA**

1. Call to Order.
2. Opportunity for Public Comment.
3. Staff Update: *(pgs. 6-8)*
  - a) Meeting Schedule;
  - b) Other Updates;
  - c) Air Quality.
4. **Action Item:** Regarding approval of minutes from the April 6, 2022 meeting. *(pgs. 10-12)*
5. **Discussion and Action Item:** Regarding recommendation to approve the FY23-26 Transportation Improvement Program (TIP). *(pgs. 14-98)*
6. **Discussion Item:** Regarding the method of soliciting consultants to conduct special studies for KTMPPO for FY23 and beyond. *(pg. 100)*
7. **Discussion Item:** Regarding Kimley Horn presentation on the GIS Dashboard Tool. *(pg. 102)*
8. **Discussion Item:** Regarding public input received through April 2022. *(pgs. 104-106)*
9. Member comments.
10. Adjourn.

# **Item 3:**

## **Staff Update**

**Staff Update**

a) Listed below are the upcoming KTMPO meetings:

- May 25, 2022 – Transportation Planning Policy Board
- June 1, 2022 – Technical Advisory Committee
- June 8, 2022 – Bicycle Pedestrian Advisory Committee
- June 15, 2022 – Transportation Planning Policy Board
- July 6, 2022 – Technical Advisory Committee
- July 20, 2022 – Transportation Planning Policy Board

All meetings are scheduled for 9:30am at the Central Texas Council of Governments offices in Belton, Texas, unless otherwise noted (ie – electronic meeting).

b) Other Updates:

- KTMPO will be undergoing a Federal Certification Review (FCR) from May 24-26, 2022, staff is currently preparing for this.
  - *Every four years, the Secretary of the U.S. Department of Transportation (DOT) must certify that each metropolitan planning organization (MPO) serving a transportation management area (TMA) is carrying out the metropolitan planning process in adherence with federal statutes and regulations.*
  - *FTA and FHWA conduct a review of the metropolitan planning process within each TMA and jointly issue this certification on behalf of the DOT Secretary, in accordance with 49 U.S.C. 5303(k).*

c) Air Quality

Compliance with EPA Ozone Standard: 4th Highest Annual Value				3-year average (Calculated on May 6, 2022)
	2020	2021	2022	
Temple	64	67	60	64
Killeen	63	70	63	65

**Action Needed:** No action needed; for discussion only.

## **Item 4:**

# **Meeting Minutes**

**KILLEEN-TEMPLE METROPOLITAN PLANNING ORGANIZATION (KTMPPO)  
TECHNICAL ADVISORY COMMITTEE (TAC)**

Wednesday, April 6, 2022  
9:30 AM

**Regular Meeting**

Central Texas Council of Governments (CTCOG)  
2180 North Main Street  
Belton, TX 76513

**Technical Advisory Committee Voting Members**

Bob van Til – City of Belton	Bryan Neaves – Bell County
Robert Lewis – City of Copperas Cove	David Williams for Bobby Carroll – Lampasas County
Kristina Ramirez – City of Harker Heights	Darrell Burtner – Hill Country Transit District
Andrew Zagars for Kent Cagle – City of Killeen	Victor Goebel – TxDOT Waco District
Jason Deckman – City of Temple	Jason Scantling – TxDOT Brownwood District*

**Additional Attendees**

Dalton Rice – City of Morgan’s Point Resort*	Brigida Gonzalez – TxDOT TPP*
Christi Bonham – TxDOT Waco District	Michael Sexton – Halff*
Brenton Lane – TxDOT Waco District*	Dan Malsom – Kimley Horn
Gary Rushing – TxDOT Waco District*	Caroline Leonard – Kimley Horn
Erika Kunkel – TxDOT Waco District*	Isaac Golf – Kimley Horn
Stephen Kasberg – TxDOT Bell County Office	Uryan Nelson – KTMPPO
Jodie Kelly – TxDOT Brownwood District*	Connie Quinto – KTMPPO
Brian Dosa – Fort Hood	James McGill – KTMPPO
Kristina Manning – Fort Hood	Anna Olvera – KTMPPO
Gene Roberts – Fort Hood	Dominic Elizondo – KTMPPO*
Roque Aguon – Killeen Airport*	Hope Geiger – CTCOG*
Derek Czapnik – HCTD	

*\*Denotes online attendee*

**Meeting Minutes:**

- 1. Call to Order:** Uryan Nelson called the meeting to order at 9:30 a.m.
- 2. Opportunity for Public Comment:** No comments were made by the public.
- 3. Staff Update:** Meeting Schedule; Other Updates; Air Quality.

Uryan Nelson informed the TAC of upcoming KTMPPO meetings through June and stated that staff is proposing to push the May meetings back one week due to staff conflicts. Mr. Nelson reminded the TAC

that staff are preparing for the Federal Certification Review (FCR) that KTMPO will be undergoing from May 24-26, 2022. Maximum ozone air quality readings for the month of March were 66 parts per billion (ppb) at the Temple station and 69 ppb at the Killeen station.

**4. Action Item:** Approve minutes from the March 2, 2022 meeting.

**Bobby Lewis made a motion to approve the March 2, 2022 meeting minutes, seconded by Jason Deckman; the motion passed unanimously.**

**5. Discussion and Action Item:** Regarding rescheduling the May TAC and Policy Board meeting dates.

Uryan Nelson explained that staff will be attending the TxDOT Planning Conference and APA's National Planning Conference in May which conflict with the currently scheduled TAC and Policy Board meetings. Mr. Nelson stated that staff have proposed that both meetings be pushed back one week because of this.

**David Williams made a motion to recommend approval of rescheduling the May TAC and Policy Board meeting dates, seconded by Bobby Lewis; the motion passed unanimously.**

**6. Discussion and Action Item:** Regarding Resolution 2022-06 declaring May 2022 as National Bike Month.

James McGill informed the TAC that this is a resolution staff brings to the committee annually to continue efforts promoting biking and the benefits of biking in the region. Mr. McGill also encouraged all members to support a similar resolution as well as regional biking events and activities.

**Jason Deckman made a motion to recommend approval of Resolution 2022-06 declaring May 2022 as National Bike Month, seconded by Kristian Ramirez; the motion passed unanimously.**

**7. Discussion Item:** Regarding Kimley Horn presentation on the Performance Measures Dashboard Tool.

Dan Malsom, Isaac Golf, and Caroline Leonard with Kimley Horn gave a brief presentation for the KTMPO Federal Performance Measure Dashboard tool to the committee.

**8. Discussion Item:** Regarding TxDOT 2021 AADT Review.

James McGill informed the TAC of the annual TxDOT 2021 AADT Review and offered the MPO entities the opportunity to provide comments on traffic count in their area.

**9. Discussion Item:** Regarding public input received through March 2022.

Public input received through March 2022 was presented to the TAC. No new comments were submitted since the last meeting.

**10. Member Comments:**

No member comments.

**11. Adjourn:** The meeting adjourned at 10:02 a.m.

These meeting minutes were approved by TAC at their \_\_\_\_\_ meeting.

---

Uryan Nelson, KTMPO Director

# **Item 5:**

## **FY23-26 TIP Approval**

**FY23-26 Transportation Improvement Program (TIP)**

**TIP Background**

The Transportation Improvement Program (TIP) is a 4-year transportation planning document that includes a detailed listing of projects reasonably expected to begin within a four-year period. Projects included in the TIP must be consistent with the MTP and are chosen based on regional priority and available funding. KTMPO is required to update it's TIP every two years. Staff has worked with TxDOT and local partners to develop a project listing for FY23-26 and is accepting public comments on the draft document now.

**Schedule:**

- January 19, 2022 – TPPB review of FY23-26 TIP timeline; for discussion only;
- February 2, 2022 – TAC review of draft FY23-26 TIP; for discussion only;
- February 16, 2022 – TPPB review of draft FY23-26 TIP; for discussion only;
- March 2, 2022 – TAC recommends approval of draft FY23-26 TIP and initiation of the public involvement process once KTMPO receives approval from TxDOT;
- March 16, 2022 – TPPB approves draft FY23-26 TIP and initiates public involvement process once KTMPO receives approval from TxDOT;
- April 22, 2022 - May 22, 2022 – 30 day public comment period;
  - Public Hearing: 12:00pm on April 28, 2022 in Belton
  - Public Hearing: 5:00pm on May 10, 2022 in Killeen
- May 11, 2022 – TAC recommends approval of FY23-26 TIP (pending public comments);
- May 25, 2022 – TPPB approves FY23-26 TIP;
- June 10, 2022 – KTMPO submits FY23-26 TIP to TxDOT.

**Action Needed:** Recommend approval of the FY23-26 Transportation Improvement Program (TIP), pending any public comments.

**Transportation Improvement Program (TIP)  
Fiscal Years 2023-2026**

**Public Forum Date:**

**TBD  
TBD**

**Approved by the TPPB:**

**TBD**

**Amended by the TPPB:**

## **ACKNOWLEDGMENT**

The preparation of this document was financed in part through Federal Highway Administration (FHWA) PL 112 Funds and Federal Transit Administration (FTA) Planning Funds made available to the Killeen-Temple Metropolitan Planning Organization (KTMO) as the designated Metropolitan Planning Organization. KTMO prepared this document in cooperation with FHWA, FTA, and the Texas Department of Transportation (TxDOT).

### **Submitted by**

The Killeen – Temple Metropolitan Planning Organization in cooperation with:

Bell County	City of Nolanville
Coryell County	City of Rogers
Lampasas County	Village of Salado
City of Bartlett	City of Temple
City of Belton	City of Troy
City of Copperas Cove	Fort Hood
City of Harker Heights	Hill Country Transit District
City of Holland	TxDOT - Waco District
City of Kempner	TxDOT - Brownwood District
City of Killeen	Federal Highway Administration
City of Little River/Academy	Federal Transit Administration
City of Morgan's Point Resort

## INTRODUCTION

The Killeen-Temple Metropolitan Planning Organization (KTMO) is guided by a Transportation Planning Policy Board (TPPB) whose membership is defined in an officially adopted set of Bylaws. The TPPB provides policy guidance for the organization and is responsible for reviewing and approving the Metropolitan Planning Organization's Metropolitan Transportation Plan (MTP), the Transportation Improvement Program (TIP), and the Unified Planning Work Program (UPWP). A Technical Advisory Committee (TAC) is appointed by the TPPB to review projects from the technical point of view and advise the TPPB on technical issues. MPO staff is comprised of planning and technical professionals responsible for the administration of this organization.

The Central Texas Council of Governments (CTCOG) is under contract to TxDOT to provide professional staff and technical and administrative support for KTMO according to federal funding agency guidelines. Currently, an MPO Director, MPO Manager, three Regional Planners, a GIS Department and Administrative Support staff are available to assist the MPO.

## DEFINITION OF AREA

The KTMO boundary includes the following cities: Bartlett, Belton, Copperas Cove, Harker Heights, Holland, Kempner, Killeen, Little River/Academy, Morgan's Point Resort, Nolanville, Rogers, Salado, Temple, and Troy. The KTMO region includes all of Bell County and parts of Lampasas and Coryell Counties along with portions of Fort Hood. The planning area includes areas that may be reasonably expected to become urbanized in the next 25 years in between those cities and within the counties of Bell,

Coryell, and Lampasas. The boundary includes portions of the Waco (Bell and Coryell) and Brownwood (Lampasas) Districts of the Texas Department of Transportation.

KTMPO was designated a Transportation Management Area (TMA) in 2012 following the release of 2010 Census data which estimated the population of the Killeen Urbanized Area (UZA) to be 217,630 and the population of the Temple-Belton UZA to be 90,390.

## **TRANSPORTATION IMPROVEMENT PROGRAM (TIP) STRUCTURE**

The TIP is a short-range program which must be developed at both the metropolitan and state levels. The metropolitan planning organization designated for a metropolitan area, in cooperation with the State and affected transit operators, shall develop a transportation improvement program for the area for which such organization is designated. The metropolitan areas will be asked to update the program at least once every four years and it is approved by the MPO and the Governor. The TIP must cover a minimum of four years for a metropolitan area and for the State. Projects listed in the TIP must reflect the factors considered in the long-range planning process.

Citizens must be given the opportunity to comment on any new transportation plans or amendments to existing plans as outlined in KTMPO's Public Participation Plan (PPP) which can be viewed [here](#). These plans or amendments must also be reviewed and approved by the KTMPO TPPB to ensure all transportation plans and programs are consistent with the goals and objectives for the KTMPO area. When reviewing plans and amendments, the TPPB must take into consideration any public comments that were received during the public comment period.

The TIP contains a project listing that includes those projects funded within the four-year period covered by the TIP. The project listing consists of the following:

- Federally and State Funded Highway Projects
- Grouped Projects
- Federally Funded Transit Projects

The following appendices are contained within the TIP:

- Appendix A: Funding Categories
- Appendix B: Grouped Candidate Project Listing
- Appendix C: MPO Self-Certification
- Appendix D: Extended Project Listing
- Appendix E: Public Involvement Documentation

## **FEDERAL AND STATE REQUIREMENTS**

On December 4, 2015, the Fixing America's Surface Transportation Act, or "FAST Act," was signed into law. The FAST Act continues the Metropolitan Planning Program and continues to require metropolitan transportation plans and transportation improvement programs (TIPs) to provide for facilities that enable an intermodal transportation system, including pedestrian and bicycle facilities. It adds to this list other facilities that support intercity transportation (including intercity buses, intercity bus facilities, and commuter vanpool providers). The FAST Act also requires that the metropolitan long-range plan include identification of public transportation facilities and intercity bus facilities. [23 U.S.C. 134(c)(2) & (i)(2)].

The previous federal legislation, MAP-21 or “Moving Ahead for Progress in the 21<sup>st</sup> Century Act,” set forth eight planning factors that all transportation projects and programs must address:

- 1) Support the economic vitality of the metropolitan area, especially by enabling global competitiveness, productivity, and efficiency;
- 2) Increase the safety of the transportation system for motorized and non-motorized users;
- 3) Increase the security of the transportation system for motorized and non-motorized users;
- 4) Increase the accessibility and mobility of people and for freight;
- 5) Protect and enhance the environment, promote energy conservation, improve the quality of life, and promote consistency between transportation improvements and state and local planned growth and economic development patterns;
- 6) Enhance the integration and connectivity of the transportation system, across and between modes, for people and freight;
- 7) Promote efficient system management and operation; and
- 8) Emphasize the preservation of the existing transportation system.

The FAST Act maintains those factors but adds the following new factors:

- 1) Improving transportation system resiliency and reliability;
- 2) Reducing (or mitigating) the storm water impacts of surface transportation; and
- 3) Enhancing travel and tourism.

A key feature of MAP-21 was the establishment of performance targets and measures at the national, state, and local level. The FAST Act made no changes to those performance measures. Therefore, all established performance targets and measures should align with the national goals which were outlined in MAP-21 and carried forward in the FAST Act. Those measures are as follows:

- 1) Safety - To achieve a significant reduction in traffic fatalities and serious injuries on all public roads.
- 2) Infrastructure condition - To maintain the highway infrastructure asset system in a state of good repair.
- 3) Congestion reduction - To achieve a significant reduction in congestion on the National Highway System.
- 4) System reliability - To improve the efficiency of the surface transportation system.
- 5) Freight movement and economic vitality - To improve the national freight network, strengthen the ability of rural communities to access national and international trade markets, and support regional economic development.
- 6) Environmental sustainability - To enhance the performance of the transportation system while protecting and enhancing the natural environment.
- 7) Reduced project delivery delays - To reduce project costs, promote jobs and the economy, and expedite the movement of people and goods by accelerating project completion through eliminating delays in the project development and delivery process, including reducing regulatory burdens and improving agencies' work practices.

Specific quantitative criteria have been published by the Secretary of Transportation to measure whether or not these goals are being achieved. State guidelines have also been provided and KTMPO regularly reviews these metrics to evaluate KTMPO's goals, objectives, and performance measures in their ability to support the state performance targets. The KTMPO public involvement process provides citizens, public agencies, transportation agencies, private transportation providers, and other interested parties with a reasonable opportunity to comment in the transportation planning process as required by FAST Act.

## **REGIONAL PERFORMANCE TARGETS**

The Fixing America's Surface Transportation (FAST) Act requires KTMPO to adopt regional performance targets to better utilize transportation investments in the KTMPO region. In this approach, goals, measures, and data are used to inform policy makers about how to invest in a better performing regional transportation system. Transportation funds are intended to target projects aimed at achieving set performance targets for State of Good Repair (transit), safety, pavement/bridge, and system performance. To comply with federal requirements, KTMPO initiated the process for selecting performance measure targets in 2016.

### **Safety Performance Measures:**

The Safety Performance Rule (PM1), found in 23 CFR 490.207(a1-5), establishes safety performance measures to address fatalities and serious injuries on roadways and is evaluated using Fatality Analysis Reporting System (FARS) and Vehicular Miles Traveled (VMT) estimates. This Rule is to better invest transportation funding for safety improvement projects in order to support safe roadway networks.

TxDOT sets safety performance targets for five federally required safety performance measures. These targets include number of fatalities, fatalities per million miles traveled, number of serious injuries, serious injuries per million vehicle miles traveled, and number of non-motorized fatalities and non-motorized serious injuries. These targets include a reduction of both fatalities and fatality rate by 2% over current baseline forecast, a reduction in incapacitating injuries by 2% over current baseline forecast, maintain the current downward trend in the incapacitating injury rate, and a reduction of non-motorized fatalities and non-motorized incapacitating injuries by 2% over current baseline forecast.

In 2021, TxDOT revised their safety targets. Of note, significant changes from previous TxDOT targets involving fatalities and fatality rate - a significant drop for these metrics in 2021 from previous years. This is a result of the Transportation Commission adopting a vision zero target of no fatalities by the year 2050. The 2021 reduction is a straight-line projection of that trend beginning in 2020. As a result, MPO's that previously chose to support TxDOT targets, should consider whether the vision zero target for fatalities and fatality rate makes sense for their respective regions. TxDOT Target's that did not change were all of the other metrics: serious injuries, serious injury rate and non-motorized fatalities + serious injuries. Those targets still identify an increase for 2021. MPOs across the state have begun and will continue to have conversations with policymakers and other stakeholders regarding safety metrics, what needs to happen to accomplish vision zero targets, and who else needs to be at the table.

Since January 2018, TPPB has annually adopted the State's safety performance measures as the MPO safety performance targets. KTMPO's Policy Board will continue the adoption of safety targets on an annual basis as required by the federal planning Rule.

By supporting the State's safety targets, KTMPO plans on doing the following:

- Work with the state and safety stakeholders to address areas of concern for fatalities or serious injuries within the MPO planning area; Coordinate with the state and include in the Metropolitan Transportation Plan (MTP) the safety performance measures and targets for all public roads in the metropolitan area;
- Integrate into the planning process the safety goals, objectives, performance measures and targets described in other state safety transportation plans and processes such as applicable portions of the Highway Safety Implementation Plan (HSIP);

- Include a description in the Transportation Improvement Program (TIP) of the anticipated effect of the TIP toward achieving HSIP targets in the MTP, linking investment priorities in the TIP to those safety targets;
- Use data to identify areas that have shown a concentration of accidents and continue to use crash rates as one of our scoring criteria to select projects that support the statewide goals;
- Use this information as part of our public outreach efforts to educate drivers about ways they can drive more safely and reduce accidents.

Some recommendations may be made to reduce the recurrence of crashes at particular locations, such as:

- Upgrades to existing transportation infrastructure;
- Modification or implementation of safety infrastructure;
- Creation of alternative routes to alleviate congestion;
- Public campaigns promoting a particular safety issue;
- Requirement of the use of motorcycle and bicycle safety gear;
- An assessment of the transportation network to determine driver decisions

Projects located in both the TIP and the MTP were evaluated for both fatality and serious injury rate. Projects were measured using the project location's number of fatalities and serious injury rate per 100 million vehicle miles traveled against the statewide 5-year rolling average. A higher difference indicated that a location has more safety issues than the statewide average. A higher difference receives a higher score for a safety project, therefore, a project that addresses hazardous roadways may receive a higher ranking. For future projects, KTMPO plans to continue to review and possibly reweight project scoring criteria and use crash rates to evaluate transportation projects to further support the State's targets for a safe transportation system. In time, as projects are completed and reliable performance measure related data becomes available, we will be able to determine the attainment of these performance measure and if adjustments are needed.

### **Infrastructure or Pavement/Bridge Condition Measures:**

The Infrastructure or Pavement/Bridge Condition Rule (PM2), found in 23 CFR 490.307(a1-4)(c1-2), establishes performance measures to assess the condition of Interstate pavement, Non-Interstate NHS pavement, and NHS bridges. These facilities are evaluated using the State DOT Highway Performance Monitoring System (HPMS) and rated as either good or poor based on the data.

On November 14, 2018, the TPPB approved the adoption of the State's performance measure targets set for 2022 regarding Infrastructure and Pavement/Bridge Condition. In October of 2020, the State published a mid-performance progress report adjusting the 2022 four-year targets regarding Infrastructure and Pavement/Bridge Condition. On December 16, 2020, the TPPB approved the State's updated targets. Additional information regarding these targets and other federally required performance measures can be found at [this website](#). TxDOT's October 2020 progress report can be read [here](#).

These performance measures are being addressed through the review and possible reweighting of project scoring criteria in preparation for the next MTP reprioritization to further support the State's targets. In time, as projects are completed and reliable performance measure related data becomes available, we will be able to determine the attainment of these performance measure and if adjustments are needed.

## **System Performance/Freight/CMAQ Measures:**

The System Performance/Freight/CMAQ Rule (PM3), found in 23 CFR 490.507(a1-2)(b), 23 CFR 490.607, 23 CFR 490.707(a,b), and 23 CFR 490.807, establishes measures based on Level of Travel Time Reliability (LOTTR), Total Peak Hour Excessive Delay person-hours, Truck Travel Time Reliability Index, percent of trips that are Non-SOV, Total Emission Reductions and Annual Total Tailpipe CO<sub>2</sub> Emissions on NHS and is evaluated using NPMRDS, speed limits, auto occupancy, HPMS, and fuel sales statistics, the American Community Survey and CMAQ Public Access System for air quality measures.

On November 14, 2018, the TPPB approved the adoption of the State's performance measure targets for 2022 regarding System Performance/Freight/CMAQ. The State's goal is to "work with MPO's to keep system delay and reliability within the target set as proportion to population growth." In October of 2020, the State published a mid-performance progress report adjusting the 2022 four-year targets regarding System Performance/Freight/CMAQ. On December 16, 2020, the TPPB approved the State's updated targets. Additional information regarding these targets and other federally required performance measures can be found at [this website](#). TxDOT's October 2020 progress report can be read [here](#).

These performance measures are being addressed through the review and possible reweighting of project scoring criteria in preparation for the next MTP reprioritization to further support the State's targets. In time, as projects are completed and reliable performance measure related data becomes available, we will be able to determine the attainment of these performance measure and if adjustments are needed.

KTMPO's TIP and MTP will be continuously updated to reflect demonstrated performance-based decisions that relate to the support and attainment of performance measure targets for the region.

## **Transit Asset Management/State of Good Repair Performance Measures:**

The Transit Asset Condition Performance Rule, found in 49 CFR 625.43(a,b,c,d), establishes performance measures to assess the condition of regional transit networks as defined as State of Good Repair (SGR) and documented in a transit agency's Transit Asset Management Plan (TAMP). SGR targets measure system performance and evaluate how well a transit system is performing.

Hill Country Transit District (HCTD) serves as the transit operator and designated recipient for federal transit funding within the urban service area. As required by the January 1, 2017, statutory deadline, HCTD established State of Good Repair (SOGR) performance targets and objectives for both their urban and rural systems in their TAMP. The TAMP covers all fleet vehicles, as well as other capital assets to include equipment, rolling stock, infrastructure, and facilities. The performance target is to have less than 30% of the assets within each group exceed their useful life. In June 2017, KTMPO Policy Board adopted the urban and rural performance targets identified in the HCTD TAMP as the MPO performance targets for the region. KTMPO Policy Board also agreed that future revisions may be necessary to ensure consistency with the performance targets that HCTD establishes and, therefore, any future revisions to the TAMP be administratively approved by KTMPO staff and brought to the attention of both TAC and TPPB. Since January 2019, TPPB has approved on an annual basis to support HCTD's SOGR targets. KTMPO Policy Board will continue the adoption of urban and rural performance targets on an annual basis as required by the federal planning Rule.

The inclusion of transit projects located in both the TIP and MTP are intended to support HCTD in achieving the SGR performance measures for the regional transportation system.

## **Public Transportation Agency Safety Plan (PTASP) Performance Measures:**

The Public Transportation Agency Safety Plan (PTASP) Rule, found in 49 CFR 673, requires certain operators of public transportation systems that receive federal funds under FTA's Urbanized Area Formula Grants to develop safety plans that include the processes and procedures to implement Safety Management Systems (SMS).

Hill Country Transit District (HCTD) serves as the transit operator and designated recipient for federal transit funding within the urban service area. As required by the December 30, 2020 statutory deadline, HCTD adopted their Public Transportation Agency Safety Plan including regional safety performance targets. On December 16, 2020, TPPB approved a resolution supporting and adopting the safety performance targets in HCTD's PTASP as the performance targets for the MPO region. KTMPO reapproved support of HCTD's PTASP targets on March 16, 2022. KTMPO's Policy Board will continue the adoption of Hill Country's PTASP safety performance targets on an annual basis as required by the federal planning Rule.

The inclusion of transit projects located in both the TIP and MTP are intended to support HCTD in achieving the SMS performance measures for the regional transportation system.

## **Supplemental FAST Act Compliance for Metropolitan Transportation Planning Process**

The FAST Act also outlines supplement actions for KTMPO to remain in compliance. These actions are listed below:

1. Update Public Participation Plan (PPP) to include: a) public ports; b) private providers of transportation (including intercity bus operators, employer-based commuting programs, such as carpool program, vanpool program, transit benefits program, parking cash-out program, shuttle program, or telework program). (Ref: 23 CFR 450.316(a))
2. Demonstrate consultation with agencies involved in: a) tourism; b) natural disaster risk reduction. (Ref: 23 CFR 450.316(b))
3. MPO(s), State(s), and the providers of public transportation shall jointly agree upon and develop specific written provisions for cooperatively developing and sharing information related to: a) transportation performance data; b) the selection of performance targets; c) the reporting of performance targets; d) the reporting of performance to be used in tracking progress toward attainment of critical outcomes for the region of the MPO & the collection of data for the State asset management plan for the NHS. (Ref: 23 CFR 450.314(h))
4. Incorporate two new planning factors: a) Improve the resiliency and reliability of the transportation system and reduce or mitigate stormwater impacts of surface transportation; and b) Enhance travel and tourism. (Ref: 23 CFR 450.206(a)(9&10) and 306(b)(9&10)).
5. MTP includes an assessment of capital investment and other strategies to preserve the existing and future transportation system and reduce the vulnerability of the existing transportation infrastructure to natural disasters. (Ref: 23 CFR 450.324(f)(7)).
6. MTP includes a description of the (Federally required) performance measures and performance targets used in assessing the performance of the transportation system. (Ref: 23 CFR 450.324(f)(3)).
7. MTP includes a system evaluation report evaluating the condition and performance of the transportation system with respect to the (Federally required) performance targets including progress achieved by the MPO toward the performance targets. (Ref: 23 CFR 450.324(f)(4)).
8. STIP/TIPs include (to the maximum extent practicable) a description of the anticipated effect of

the STIP and TIP toward achieving the performance targets identified by the State in the long-range statewide transportation plan and by MPO in the MTP. (Ref: 23 CFR 450.218(q) and 326(d))

9. STIP/TIPs include a linkage from the investment priorities in the TIP/STIP to achievement of performance targets in the plans. (Ref: 23 CFR 450.218(q) and 326(d))

KTMPO continues to address these requirements through coordination, consultation, and implementation between KTMPO and different agencies and stakeholder groups. By adhering to these requirements, KTMPO continues to develop a safe, efficient, and resilient transportation network for all users.

## **TIP FINANCIAL SUMMARY**

Transportation legislation mandates fiscal responsibility in the preparation of all transportation plans and programs. In particular, the TIP is required to include a financial summary that outlines the source and amount of expected funds for all submitted projects. Federal Highway Administration (FHWA) and Federal Transit Administration (FTA) funding requirements also mandate that all highway and transit projects receiving federal, state, or locally-significant funding be identified and prioritized in the TIP. A project may not be included in the TIP if full funding cannot be reasonably anticipated before the project is let for construction or implementation.

## **PUBLIC INVOLVEMENT**

Public involvement is an important component in the transportation planning process. KTMPO develops and maintains a Public Participation Plan (PPP). The PPP sets forth the means in which KTMPO provides the public with the opportunity to voice ideas and concerns on the preparation of transportation plans and projects. As part of developing and/or amending the TIP, KTMPO is required by federal law to provide the public with opportunities to be involved in the planning process. The PPP requires the following opportunities for public input:

### **New TIP Development:**

- A thirty (30) day public comment period; and
- A minimum of two (2) public forums, with one hearing serving the East side of the region and a second hearing serving the West side of the region.

### **TIP Amendments:**

- A fifteen (15) day public comment period; and
- A public forum(s) in a location close to the affected area(s).

## **TITLE VI**

KTMPO has a Title VI Plan, and KTMPO's PPP includes Title VI/Environmental Justice (EJ) principles in order to provide opportunities for potentially disadvantaged populations to participate in the planning process. Public forums are encouraged to be held in Environmental Justice Communities of Concern

## **KTMPO MTP/TIP PROJECT SELECTION PROCESS**

KTMPO has developed a four-step project selection process for transportation planning. This is a coordinated effort between regional entities and KTMPO to identify and prioritize projects during each MTP update cycle. The KTMPO MTP project selection process is as follows:

### **Project Submission**

KTMPO, in cooperation with TxDOT, will issue a call for projects to MPO entities. Those entities will then submit projects for consideration in KTMPO's planning process.

### **Project Review and Evaluation**

Once received, KTMPO staff will review and conduct technical and objective scoring of the submitted projects. Projects must meet the following criteria:

- Be consistent with KTMPO long-range goals;
- Have an identified local funding source for match requirements; and
- Have a project readiness and implementation timeline.

### **KTMPO Technical Advisory Committee Recommendation**

After review and evaluation, the KTMPO Technical Advisory Committee (TAC) will score any subjective criteria and prioritize projects. The TAC will then recommend their prioritization to the Transportation Planning Policy Board (TPPB) for review and approval.

### **KTMPO Transportation Planning Policy Board Review and Approval**

The TPPB will then review and adopt or reject candidate projects for inclusion in the KTMPO's MTP. If adopted, then those projects will be included in the MTP. If rejected, the project listing will be sent back to the TAC for further review and evaluation.

The process for selecting projects for the TIP is a subset of the above plan. Projects included in the TIP are selected from the following sources:

- Projects listed in the last two fiscal years of the previous TIP;
- Projects that have not let for construction can also be advanced from earlier fiscal years of the previous TIP;
- Projects from the financially constrained component of the MTP;
- From the Texas Department of Transportation's (TxDOT) ten-year *Unified Transportation Program* (UTP), including environmental and feasibility studies;
- Additional projects from local governments, transit agencies, and other member agencies.

All projects selected for the TIP must be in the funded portion of the MTP project listing and must meet the required criteria outlined above.

## **FY2023-2026 PROJECT LISTINGS**

- Federally and State Funded Highway Projects
- Grouped Projects
- Federally Funded Transit Projects

DRAFT

# **FEDERALLY AND STATE FUNDED HIGHWAY PROJECTS**

**FY 2023-2026**

## **Administrative Amendments**

DRAFT

## **FY2023-2026 GROUPEd PROJECTS STATEWIDE CSJs**

**See Appendix B for Candidate Project List**

## **Grouped Project CSJ Program**

The State of Texas groups several types of projects into general categories that are fiscally constrained on a statewide basis. These categories generally cover preventive maintenance, rehabilitation, bridge replacement, and other miscellaneous projects that do not fit within a specific category. Expenditures within these categories are based upon need, which may arise suddenly due to acts of nature, crash damage, etc. Due to the nature of these types of projects, KTMPO will participate within the grouped CSJ program.

## **APPENDICES**

- APPENDIX A: FUNDING CATEGORIES
- APPENDIX B: GROUPED CANDIDATE PROJECT LISTING
- APPENDIX C: MPO SELF-CERTIFICATION
- APPENDIX D: EXTENDED PROJECT LISTING
- APPENDIX E: PUBLIC INVOLVMENT DOCUMENTATION

DRAFT

## **APPENDIX A: FUNDING CATEGORIES**

This appendix includes a list and brief description of each category for transportation projects and programs used by the Texas Department of Transportation for distributing funds. These categories comply with federal transportation legislation to ensure that federal funds are applied to eligible projects.

DRAFT

## FUNDING CATEGORIES

### Texas Department of Transportation (TxDOT) Funding Categories:

1. **Preventive Maintenance and Rehabilitation:** Preventive maintenance and rehabilitation on the existing state highway system, including minor roadway modifications to improve operations and safety; and the installation, rehabilitation, replacement, and maintenance of pavement, bridges, traffic control devices, traffic management systems, and ancillary traffic devices.
2. **Metropolitan and Urban Corridor Projects:** Mobility and added capacity projects along a corridor that improve transportation facilities in order to decrease travel time and the level or duration of traffic congestion, and safety, maintenance, or rehabilitation projects that increase the safe and efficient movement of people and freight in metropolitan and urbanized areas.
3. **Non-Traditionally Funded Transportation Projects:** Transportation-related projects that qualify for funding from sources not traditionally part of the state highway fund including state bond financing under programs such as Proposition 12 (General Obligation Bonds), Texas Mobility Fund, passthrough toll financing, unique federal funding, regional toll revenue, and local participation funding.
4. **Statewide Connectivity Corridor Projects:** Mobility and added capacity projects on major state highway system corridors which provide statewide connectivity between urban areas and corridors. Projects must be located on the Texas Highway Trunk System, NHS, connections to major ports or border crossings, the National Freight Network, or hurricane evacuation routes.
5. **Congestion Mitigation and Air Quality Improvement:** Congestion mitigation and air quality improvement area projects to address attainment of a national ambient air quality standard in nonattainment areas of the state.
6. **Structures Replacement & Rehabilitation:** Replacement and rehabilitation of deficient existing bridges located on public highways, roads, and streets in the state; construction of grade separations at existing highway and railroad grade crossings; and rehabilitation of deficient railroad underpasses on the state highway system.
7. **Metropolitan Mobility & Rehabilitation:** Transportation needs within the boundaries of MPOs with designated as Transportation Management Areas (TMAs). Common project types include roadway widening, new roadways, and interchange improvements.
8. **Safety:** Safety-related projects both on and off the state highway system including the federal Highway Safety Improvement Program, Railway-Highway Crossing Program, Safety Bond Program, and High Risk Rural Roads Program.

9. **Transportation Alternatives Program:** Transportation-related activities as described in the Transportation Alternatives Set-Aside Program, such as on and off-road pedestrian and bicycle facilities, and infrastructure projects for improving access to public transportation.
  10. **Supplemental Transportation Projects:** Transportation-related projects that do not qualify for funding in other categories, including landscape and aesthetic improvement, erosion control and environmental mitigation, construction and rehabilitation of roadways within or adjacent to state parks, fish hatcheries, and similar facilities, replacement of railroad crossing surfaces, maintenance of railroad signals, construction or replacement of curb ramps for accessibility to pedestrians with disabilities, and miscellaneous federal programs.
  11. **District Discretionary:** Projects eligible for federal or state funding selected at the district engineer's discretion.
  12. **Strategic Priority:** Projects with specific importance to the state including those that generally promote economic opportunity, increase efficiency on military deployment routes or retain military assets in response to the federal military base realignment and closure reports, and maintain the ability to respond to both manmade and natural emergencies.
- DA Develop Authority:** Focuses on advanced planning activities. Specific projects selected by the districts in coordination with MPOs to ensure alignment with the MTP.

#### **Federal Transit Administration Funding Categories:**

- |                 |   |
|-----------------|---|
| <b>FTA 5307</b> | Federal grant funds for transit projects in urbanized areas with a population of 50,000 or more persons.  |
| <b>FTA 5310</b> | Federal grant funds available to regional transit agencies to provide transportation services to the elderly and disabled (paratransit service).                |
| <b>FTA 5311</b> | State transit funds provided to rural transit providers for the purpose of supporting public transportation in rural areas with population of less than 50,000. |
| <b>FTA 5339</b> | Federal transit funds provided to replace, rehabilitate, and purchase buses and related equipment and to construct bus-related facilities.                      |

## **APPENDIX B: GROUPED CANDIDATE PROJECT LISTING**

This appendix provides a list of individual projects/programs considered to be of inappropriate scale for individual listing in a given program year and is provided for informational purposes. Additional projects/programs may be identified that are not currently listed. Grouping allows efficient programming and reduces the need for revisions to the TIP. No added capacity type projects or phases of added capacity type projects are included.

## **APPENDIX C: MPO SELF-CERTIFICATION**

In accordance with 23 Code of Federal Regulations (CFR) part 450.334, the Texas Department of Transportation and the Killeen-Temple Metropolitan Planning Organization for the Killeen and Temple urbanized area(s) hereby certify that the metropolitan transportation planning process is being carried out in accordance with all applicable requirements including:

- 1) 23 United States Code (U.S.C) 134, 49 U.S.C 503, and 23 CFR 450 subpart C – Metropolitan Transportation Planning and Programming;
- 2) In nonattainment and maintenance areas, sections 174 and 176 (c) and (d) of the Clean Air Act, as amended (42 U.S.C. 7504, 7506 (c) and (d)) and 40 CFR part 93;
- 3) Title VI of the Civil Rights Act of 1964, as amended (42 U.S.C. 2000d-1) and 49 CFR part 21;
- 4) 49 U.S.C. 5332, prohibiting discrimination on the basis of race, color, creed, national origin, sex, or age in employment or business opportunity;
- 5) Section 1101(b) of the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU (Public Law 109-59)) and 49 CFR part 26 regarding the involvement of disadvantaged business enterprises in USDOT funded projects;
- 6) 23 CFR part 230, regarding the implementation of an equal employment opportunity program on Federal and Federal-aid highway construction contracts;
- 7) The provisions of the Americans with Disabilities Act of 1990 (42 U.S.C. 12101 et seq.) and 49 CFR parts 27, 37, and 38;
- 8) The Older Americans Act, as amended (42 U.S.C. 6101), prohibiting discrimination on the basis of age in programs or activities receiving Federal financial assistance;
- 9) Section 324 of title 23 U.S.C. regarding the prohibition of discrimination based on gender; and
- 10) Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794) and 49 CFR part 27 regarding discrimination against individuals with disabilities.

## **APPENDIX E: PUBLIC INVOLVEMENT DOCUMENTATION**

This appendix provides a synopsis of the public participation process.

DRAFT

## Public Involvement Documentation

In accordance with federal legislation and regulations, and as part of the transportation planning process, the public was invited to review and comment on the proposed KTMPO FY 2023-2026 TIP. The KTMPO made this document available for public review on the KTMPO website ([www.ktmipo.org](http://www.ktmipo.org)) and at the Central Texas Council of Governments building lobby for a 30-day comment period of March 21 through April 19, 2020.

The KTMPO conducted two public forums on March 25, 2020 and March 30, 2020 to allow the public to review and comment on the proposed KTMPO FY 2021-2024 TIP. These hearings were held at the following locations:

### Public Forum #1

March 25, 2020  
Central Texas Council of  
Governments 2180 N Main St  
Belton, TX 76513  
12:00pm

### Public Forum #2

March 30, 2020  
Electronic Meeting  
via GoToMeeting ID: 899-107-253  
12:00pm

**Killeen-Temple Metropolitan Planning Organization  
Public Comment Period**  
Regarding:

Amendments to the:  
2045 Metropolitan Transportation Plan (MTP)  
FY19 – 22 Transportation Improvement Program (TIP)

**Public Comment Period March 21 – April 4, 2020**

Draft of FY21-24 Transportation Improvement Program (TIP)

**Public Comment Period March 21 – April 19, 2020**

**Wednesday, March 25, 2020**

**12:00 pm  
CTCOG Offices  
2180 N. Main Street  
Belton, TX 76513**

---

For other KTMPO information, visit:  
<http://www.ktmpo.org>

**\*Note of Basic Requirement:**

*Please note that public notice of public involvement activities and time established for public review and comment on the Transportation Improvement Program (TIP) and TIP development (and/or other planning documents) will satisfy the Program of Projects requirements of the Urbanized Area Formula Program (FTA Section 5307) operated by Hill Country Transit District.*

All KTMPO Public Hearings are held at ADA Accessible locations. If you require any special needs, please contact KTMPO staff at (254) 770-2200.

**Item 6:**  
**Special Studies Solicitation**  
**Method**

### **Consultant/Special Studies Solicitation Method**

Since 2011 KTMPO has been utilizing a process for soliciting special studies that involved first creating a short list of qualified consultants, signing a General Services Contract with the short list, and then submitting Task Order Requests to all entities on the list for Special Studies and other planning tasks.

Staff have been discussing this method of solicitation and are considering a change to the Request for Proposal (RFP) method instead. Switching to the RFP method of solicitation would likely increase the lead time needed for work on a project to commence but would also widen the field of eligible applicants. Additionally, staff believes that the RFP solicitation method will improve the competitiveness of proposal KTMPO would receive from future special study projects.

Staff is looking for feedback from the TAC on whether to stick with the current method of solicitation or switch to a different method starting in FY23.

**Action Needed:** No action needed; for discussion only.

# **Item 7:**

## **GIS Dashboard Tool**

### **Presentation**

### **Kimley Horn GIS Mapping Dashboard Tool**

In November, KTMPO began working with Kimley Horn to develop an MPO Dashboard. The purpose of this project is to make transportation related planning information available to policy makers, planners, and the public. The dashboard will also house federally required performance measure data and create a better way for the public to engage with MPO planning process.

Kimley Horn has created a plan to develop the various “tools” of the dashboard in phases and will present draft versions of each “tool” over the coming months.

Today, they will give a presentation on a new KTMPO GIS Mapping dashboard tool they have been working on.

Link:

**Action Needed:** No action needed; for discussion only.

# **Item 9:**

## **Public Input**

**Public Input Received**

KTMP has been collecting public comments received online, via emails, public hearings, meetings, social media accounts, web maps and other forms of communication. Staff bring these to the TAC and TPPB on a regular basis to ensure the MPO boards are aware of public concerns and have the opportunity to respond accordingly. Public input received through the previous month is included in meeting packet.

**Action Needed:** No action needed; for discussion only.

# **Grant Opportunities**

- **FY2022 National Scenic Byways Program:**

**Deadline May 16, 2022**

Department of Transportation (DOT):

The purpose of this program is to support projects that are part of the National Scenic Byways Program. Only State DOTs and Indian Tribal Groups are eligible to apply for this grant, but they may partner with local agencies when applying.

Estimated Funding Available: \$22,000,000

Award Ceiling: \$0

Award Floor: \$0

[Click Here](#) for more information!

- **2022 INFRA Grant Program:**

**Deadline May 23, 2022**

Department of Transportation (DOT):

The INFRA program is a competitive grant program for multimodal freight and highway projects of national or regional significance to improve the safety, efficiency, and reliability of the movement of freight and people in and across rural and urban areas.

Estimated Funding Available: \$1,553,000,000

Award Ceiling: \$1,320,050,000

Award Floor: \$0

[Click Here](#) for more information!

- **2022 RURAL Grant Program:**

**Deadline May 23, 2022**

Department of Transportation (DOT):

The RURAL program was created in the Bipartisan Infrastructure Law (BIL) and will support projects to improve and expand the surface transportation infrastructure in rural areas to increase connectivity, improve the safety and reliability of the movement of people and freight, and generate regional economic growth and improve quality of life.

Estimated Funding Available: \$300,000,000

Award Ceiling: \$300,000,000

Award Floor: \$0

[Click Here](#) for more information!

- **2022 MEGA Grants Program:**

**Deadline May 23, 2022**

Department of Transportation (DOT):

The MEGA program was created in the Bipartisan Infrastructure Law (BIL) to fund major projects that are too large or complex for traditional funding programs. The program will provide grants on a competitive basis to support multijurisdictional or regional projects of significance that may also cut across multiple modes of transportation.

Estimated Funding Available: \$1,000,000,000

Award Ceiling: \$500,000,000

Award Floor: \$0

[Click Here](#) for more information!

- **Low or No Emission Grant Program:**

**Deadline May 31, 2022**

Department of Transportation (DOT) / Federal Transit Administration (FTA):

The purpose of the Low-No Program is to support the transition of the nation's transit fleet to the lowest polluting and most energy efficient transit vehicles. The Low-No Program provides funding to state and local governmental authorities for the purchase or lease of zero-emission and low-emission transit buses, including acquisition, construction, and leasing of required supporting facilities.

Estimated Funding Available: \$1,100,000

Award Ceiling: \$0

Award Floor: \$0

[Click Here](#) for more information!

- **Low or No Emission Grant Program:**

**Deadline May 31, 2022**

Department of Transportation (DOT) / Federal Transit Administration (FTA):

The purpose of the Buses and Bus Facilities Program is to assist in the financing of buses and bus facilities capital projects, including replacing, rehabilitating, purchasing or leasing buses or related equipment, and rehabilitating, purchasing, constructing or leasing bus-related facilities.

Estimated Funding Available: \$372,000,000

Award Ceiling: \$37,200,000

Award Floor: \$0

Notes:

<sup>1</sup>Project score, project ranking and prioritized list is based on the scoring criteria at the time those projects were selected for funding.

<sup>2</sup>Note: Estimated Cost shows the **approved construction amount** for each project covered by federal and state sources. Categories 2 & 9SRTS are 100% covered by these sources, Categories 7 & 9TAP are 80% covered by these sources. See latest KTMPO TIP for full project financial information.

<sup>3</sup>Estimated Let Date for TIP projects based on latest information provided by TxDOT and the project sponsor. For Long Range projects, the date listed was provided by the sponsor when they submitted the project.

<sup>4</sup>Environmental considerations is based on the environmental conditions when that project was selected for funding and/or when project was submitted to KTMPO. Use key below for identification purposes.

Environmental Considerations	
Symbol	
EJ	Environmental Justice Community of Concern
L	Landfill
H	Cemeteries, Archaeological Sites, Historical Markers
ARZ	Aquifer Recharge Zone
ES	Endangered Species
P	Park

\*Note - for full information and detials regarding the project selection process, project ranking discussions, determination of project funding, and any other topic please visit the KTMPO website (www.ktmpo.org) and search the meeting minutes and/or meeting recording files. The infomration provided here is for informational purposes only and is subject to frequent change.

MTP Amendment Dates		
July 17, 2019*	April 15, 2020	July 21, 2021
September 18, 2019*	September 16, 2020	September 22, 2021
October 23, 2019	January 13, 2021	January 19, 2022
February 19, 2020*	April 21, 2021*	

\* Administrative Amendments

<sup>5</sup>Fiscal Constraints are determined by inputs into the TRENDS model as approved on March . Short range funding is estimated funding for FY2019-2028 and Long Range Funding is estimated funding for FY2029-2045

<sup>6</sup>**Funding/Fiscal Constraint Notes (Cat 2, 7, 9):**

Short Range funding amounts (0-10 years) come from the latest TxDOT Unified Transportation Plan (UTP).

Long Range funding amounts (10-15 years) are determined by outputs from the TRENDS model (see note <sup>5</sup>)

How projects in the list are funded:  
White - Projects in the TIP are listed first, their total estimated cost is deducted from the total UTP fiscal constraint.  
Green - The remaining UTP funding is then allocated to the next highest ranked projects from both the Roadway and Livability tracks until the funding cap is reached. Green colored projects are projected to receive funding within the first 10 years of the planning period.  
Blue - Projects following the Short Range funding section are allocated funds from the estimated Long Range MTP funding from highest ranking on down until the funding cap is reached. Blue projects are projected to receive funding during the last 15 years of the planning period.  
Orange - When all estimated funding sources have been exhauseted, any remaining projects are listed from high to low in the Regionally Significant Unfunded list. Orange projects are NOT projected to receive funding during the planning period  
Yellow - Projects that are unscored are listed at the bottom of each section and have no estimated timetable for receiving funding.

Note on Roadway vs Livability Tracks:  
Projects in the Livability Track are allocated funding from the latest Category 7 and Category 9 funding estimates.  
Porjects in the Roadway Track are allocated funding from the latest Category 2 and Category 7 funding estimates.

Current UTP Estimates by Category (2021-2030):	Current MTP Estimates by Category (2030-2045):
Category 2 - \$189,232,733	Category 2 - \$115,800,000
Category 7 - \$61,317,869	Category 7 - \$216,900,000
Category 9 - \$3,940,100	Category 9 - \$41,600,000

\*Note - funding for projects in this list is not guranteed unless the project is listed in the TIP, all other project funding is subject to change.
