# Help TxDOT connect to the future!

TxDOT is hosting the first virtual public meeting with in-person open houses this spring for **Connecting Texas 2050**, the latest update to TxDOT's statewide long-range transportation plan.

Whether you connect across our rural heartlands or in the hearts of our cities or somewhere in between, TxDOT wants to hear from you! With your help, TxDOT will establish the vision, objectives, performance measures, and strategic recommendations for the state's transportation system through 2050 for all modes. This will be one of the many opportunities you will have to provide input.
